CALL FOR PARTICIPATION

The **CAD Contest at ICCAD** is a challenging, multi-month, research and development competition, focusing on advanced, real-world problems in the field of Electronic Design Automation (EDA). Contestants can participate in one or more problems provided by EDA/IC industry. The winners will be awarded at an ICCAD special session dedicated to this contest.

Since 2012, the CAD Contest at ICCAD has been attracting more than a hundred teams per year, fostering productive industry-academia collaborations, and leading to hundreds of publications in top-tier conferences and journals. The contest keeps enhancing its impact and boosts EDA research.

Contest Problems

A: Smart EC: Building Program for Name Mapping

B: Obstacle-Aware On-Track Bus Routing

C: Timing-Aware Fill Insertion
